EXPERIENCE:

I enjoyed a long and successful career with NatWest specialising in arranging commercial loans and finance for Property Developers, Investors and trading businesses.

During this time I was fortunate enough to work with some outstanding Senior Managers which really was a unique apprenticeship that shaped the way I approach business today.

PERSONAL:

In my spare time I enjoy cycling, golf and rugby being a keen follower of Saracens. I am married to Josien with three children Hayley, Jake and Hannah.

The key to my success is to do the basics really well and learn something new every day.
